

YIGITOGLU

Yigitoglu is one of the few Turkish artists to break onto the global techno stage, with over 100 releases and more than a million streams worldwide.

Since turning professional in 2018, the Antalya-based DJ and producer has released on some of techno's most respected imprints – a vinyl debut on the legendary Planet Rhythm, remixes from Deborah De Luca, and acclaimed EPs on Dubfire's SCI+TEC, Indira Paganotto's Artcore and Tronic, where his Mental Breakdown EP reached Number 1 on the Beatport TOP100. His tracks are regularly championed in the sets of Carl Cox, Dave Clarke, Chris Liebing, Sam Paganini, Indira Paganotto, Dubfire and Truncate.

Blending hypnotic atmospheres and emotional depth with deep, resonant low frequencies, Yigitoglu has carried his sound on a journey stretching from Europe's leading club circuits to Tokyo's iconic WOMB. Off stage, he also serves as an A&R for Synthetik Sounds, run by Los Angeles-based 6AM Group, shaping the next wave of global techno.
